

Doubles Cover Up

Materials: numeral cards 1-10, counters, pencil and paper

1. Work with a partner. Sit on opposite sides of the gameboard. Take turns to turn over a numeral card.
2. Double the number shown on the card. Say and write the doubles fact. Use a counter to cover the sum on your side of the board.

8

Double 8 is 16.

3. Keep playing until one player had covered all the numbers on his/her side of the board.

Double ___ is ___.

Double ___ is ___.

Double ___ is ___.

Double ___ is ___.

Double ____ is ____.

2 4 6 8 10 12 14 16 18 20
