

Fraction Barrier Game

Materials: Barrier Game grids with shapes divided into equal parts, divider for each partnership

1. Work with a partner. Sit opposite one another with a divider standing between you.
2. Player 1: Shade in a fraction of each shape on your grid without letting your partner see your work. Label each fraction.
3. Player 1: Give instructions to your partner on how to shade in and label a fraction of each shape to match your grid.
4. Remove the divider and look at the two grids to see how closely they match.
5. Swap roles and play again.
