## Comparing Metric Units

Materials: base 10 blocks, rulers, meter ruler

1. Work with a partner. Measure the length in mm of ten base ten rods placed end to end.
2. Measure the length a second time in cm .
3. Measure the length a third time using a meter ruler.
4. Repeat five times using different numbers of base ten rods.
5. Record all measurements in a table with the headings below:

| No. of Base <br> Ten Rods | Length in mm | Length in cm | Length in m |
| :--- | :--- | :--- | :--- |
|  |  |  |  |
|  |  |  |  |

6. Describe any patterns or relationships that you find among the three metric units used.
