Pattern Block Barrier Game

Materials: Barrier Game grid for each player, pattern blocks, divider for each partnership
_____

1. Work with a partner. Sit opposite each other with a divider standing between you.

2. Player 1: Place one pattern block in each space on your grid without letting your partner see your work. Tell your partner how to place pattern blocks to match your grid. Use the names of the pattern blocks and positional language to describe where to place them.

3. Remove the divider and look at the two grids to see if they match.

4.   Swap roles and play again.
